why are so many women dissatisfied with their sex lives something is missing from their intimate encounters either they re not interested in sex anymore or they are interested but can t get aroused or they can get aroused but have neither the desire nor the energy to follow through their relationships are suffering many women find themselves wondering what s wrong with them if you re a woman and any of this sounds familiar dr anita h clayton wants you to know that there s

nothing wrong with you what s wrong is the ridiculous fantasies you ve been sold about sex and the unrealistic expectations you cling to we all want to make love the way they do in the movies where the woman swoons with desire before the man even gets near her and once he does gasps collapses and hurtles headlong into orgasm in twenty seconds tops now how often does that happen in real life not very because in real life it takes at least that long to get your panty hose off not to mention locking the door locked so the kids don t barge in in this irreverent and revolutionary volume dr clayton lays bare hidden facets of female sexuality that are rooted in the psyche and can catapult a woman either into a cathartic bout of ecstasy or against the headboard into yet another disappointment through compelling case histories she explores why many women would rather put up with unsatisfying sex than tell their lovers how to please them how buried feelings about childbearing can affect a woman s erotic potential and why an orgasm you have during intercourse is no more real or legitimate than one you achieve through other means dr clayton also shines a light on sexual attitudes that have a dramatic impact on young girls and teens and details how motherhood and menopause may affect but need not diminish a woman s capacity for sexual pleasure dr clayton believes that women should have high expectations for their sex lives but that these expectations should come from visceral intimate knowledge of ourselves what is normal for us and what feels good to us she wants you to consider and eventually own the concept of yourself as every bit as sexual as a sex symbol indeed the only person who should symbolize sex for you is you
